## **CVAC LAUNCHES 10U PRIME TEAM**

*A new competitive pilot team for the Cascade Vista Baseball League*

**RENTON, WA [December 9, 2019]** Cascade Vista (CVAC) Baseball has created a new division in the league by introducing a pilot program starting with 10U-aged in the Spring 2020 season. Coached by Marc Steiner & Randy Loganbill, this team will be the beginning of the new focus for the league to continue to expand and meet local needs of the community.

On December 1<sup>st</sup>, the league announced this new division to meet the needs of local families in the Kent/Renton and surrounding areas who have been a part of the CVAC program but have moved to other leagues due to limitations in playing opportunities. This new division will allow families to continue to play baseball at a lower cost than surrounding leagues, while continuing to develop players to be competitive along with their counterparts. For more information on this team and the opportunities for each player visit: [cvac.org/divisions/10uprime](http://cvac.org/divisions/10uprime)

Cascade Vista Baseball continues to invest in our local community by providing baseball for all kids who are interested in learning the sport. We offer full and partial scholarships every season to make sure that financial constraints won't keep families from enrolling their kids in our program. CVAC has been in the Kent/Renton community since 1963, formally providing sports in equestrian, swimming, soccer, baseball and softball. We currently provide a full baseball program to develop well rounded athletes. For more information on our league and our long history go to: [cvac.org](http://cvac.org)
